EDUCATION

- | | |
|--------------|---|
| 2026–present | Ph.D. in Geography
Graduate Associate, Broom Center for Demography
University of California, Santa Barbara, CA, USA |
| 2025–26 | M.A. in Land Economics (Geomatics Program)
National Chengchi University (NCCU), Taipei, Taiwan
Thesis: “Mapping Village Food Environments and Subjective Well-being in Taiwan, 2014–2022: A Multilevel Spatio-temporal Analysis of Self-rated Health and Happiness” |
| 2021–25 | B.A. in Land Economics (Geomatics Program)
Second major: Global Studies; minor: Computer Science
Certificate: Big Data Analytics, 2025
National Chengchi University (NCCU), Taipei, Taiwan |

RESEARCH INTERESTS

Geospatial Science and Methods: Geographic information systems (GIS), remote sensing, spatial and spatiotemporal analysis, spatial statistics, and spatial decision support systems.

Data Science and Artificial Intelligence: Machine learning and deep learning for geospatial analytics; natural language processing for geographic text analysis.

Health, Urban, and Population Geography: Environmental exposure and well-being, spatial accessibility, urban and transportation geography, population dynamics, and disaster risk and resilience.

PUBLICATIONS

Chia-Jung Lin, Meng-Jung Lin*, and Jihn-Fa Jan. (2026). Mental illness, crime, and mental health resources: Insights from Taiwan using text analysis and spatio-temporal analysis. *BMJ Public Health*, 4, e002832. <https://doi.org/10.1136/bmjph-2025-002832>

Chia-Jung Lin, Jia-Hong Tang, Chih-Chung Fan, and Ta-Chien Chan*. (2026). Measuring and managing urban quietness: Refining the Quietness Suitability Index (QSI) model for Asia’s densely populated cities. *Noise Mapping*, 13(1), 20250025. <https://doi.org/10.1515/noise-2025-0025>

Meng-Jung Lin* and **Chia-Jung Lin**. (In press). Baby or pet? A spatial analysis of fertility decline and the rise of pet ownership in Taiwan. *Journal of Population Studies (Taiwan)*.

SELECTED CONFERENCE PRESENTATIONS

Meng-Jung Lin, Yen-Chen Feng, Xue-Yong Chang, and **Chia-Jung Lin**. “Social and Genetic Inheritance of Educational Attainment Amid Rapid Educational Expansion: Family Trio Evidence from Taiwan.” Paper presented at the American Sociological Association Annual Meeting, Chicago, Illinois, Aug. 8–12, 2025.

Ching-Chih Lin, **Chia-Jung Lin**, and Jihn-Fa Jan. “Applying Geospatial Technologies in Digital Humanities Research: A Case Study of StoryMap.” Paper presented at the 15th International Conference of Digital Archives and Digital Humanities, Taipei, Taiwan, Dec. 1, 2024.

Chia-Jung Lin, Meng-Jung Lin, and Jihn-Fa Jan. “When GIS Meets the Law: Unraveling the Nexus of Mental Illness and Crime through Text Analysis and Spatio-Temporal Analysis.” Paper presented at the Pacific Neighborhood Consortium (PNC) Conference, Seoul, South Korea, Aug. 29–31, 2024; and the Taiwan Geographic Information Society (TGIS) Conference, Taipei, Taiwan, July 11–12, 2024.

RESEARCH EXPERIENCE

- | | |
|---------|---|
| 2025–26 | Research Assistant, National Changhua University of Education
Project: “Where Mountains Meet the Sea: Observation of Coastal and Foothill Social-Ecological Systems and Co-creation of Sustainable Resilience Policies in Changhua County”
Funded by the National Science and Technology Council, Taiwan. |
| 2025–26 | Research Assistant, National Chengchi University
Project: “Re-Making the New City: Air-Rights Governance and Value Negotiation in Peri-Urban Zones under Climate Change”
Funded by the National Science and Technology Council, Taiwan. |
| 2024–26 | Research Assistant, Center of GIS, Research Center for Humanities and Social Sciences (RCHSS), Academia Sinica |
| 2024–25 | Research Assistant, National Chengchi University
Project: “Anticipatory Innovation Governance for Sustainable Cities: Incremental Floor Area as a Fiscal Innovation Tool for Transit-Oriented Planning”
Funded by the National Science and Technology Council, Taiwan. |
| 2024 | Intern, Center of GIS, Research Center for Humanities and Social Sciences (RCHSS), Academia Sinica |
| 2024 | Research Assistant, National Chengchi University
Project: “Building the Technological and Social Foundation for an Energy Just Transition: A Cross-Regional Study on Local Energy Democracy”
Funded by the National Science and Technology Council, Taiwan. |
| 2024 | Research Assistant, National Chengchi University
Project: “Deep Learning-Based Automatic Extraction of Building Boundaries from Real-World Urban Images” |

	Funded by the National Science and Technology Council, Taiwan.
2023	Intern, Earthquake Disaster Simulation Division, National Center for Research on Earthquake Engineering (NCREE), National Institutes of Applied Research
2022–26	Research Assistant, National Chengchi University Project: “Research on the Impact of Climate Change and Agricultural Environments on the Lanyang River Basin Ecosystem and Adaptation Strategies: Impact Assessment and Adaptation Strategies of Rural Community Industrial Development on Ecosystem Services” Funded by the National Science and Technology Council, Taiwan.

TEACHING EXPERIENCE

Fall 2026	Teaching Assistant, Health Geography, University of California, Santa Barbara
Spring 2023	Teaching Assistant, MOOC “Application of VR and GIS in Eco-tourism,” National Chengchi University

HONORS AND AWARDS

2026	Merit Award, University Division, 12th National College and High School StoryMap Campus Competition, Interactive Digital Technologies
2024	College Student Research Creativity Award, National Science and Technology Council, Taiwan, project entitled “When GIS Meets the Law: Unraveling the Nexus of Mental Illness and Crime through Text Analysis and Spatio-Temporal Analysis.”
2024	Best Student Presentation Award, Taiwan Geographic Information Society 2024 Conference
2024	Double Major and Minor Scholarship, Department of Computer Science, National Chengchi University
2024	Bilingual Education for Students in College Program (BESTEP) Award, Ministry of Education, Taiwan
2023–24	College Student Research Scholarship, National Science and Technology Council, Taiwan, project entitled “When GIS Meets the Law: Unraveling the Nexus of Mental Illness and Crime through Text Analysis and Spatio-Temporal Analysis.”
2023	Third Place, University Division, 9th National College and High School StoryMap Campus Competition, Interactive Digital Technologies
2021–24	Academic Excellence Award, National Chengchi University, four times

ADDITIONAL EXPERIENCE

2025–present	Full-Stack Engineer, SmartGeo (Intelligent Land Use Assessment System)
2025–26	Full-Stack Engineer, SG44 Conference 2026 Official Website, Taiwan
2024–25	Full-Stack Engineer, “誰敢跟我桌隊” (Table Tennis Tournament Management System)
2021–26	Department Office Assistant, Department of Land Economics, National Chengchi University

TECHNICAL SKILLS

Programming Languages: R, Python, C, SQL

GIS & Remote Sensing: ArcGIS Pro, ArcGIS Online, ArcGIS StoryMaps, QGIS, Google Earth Engine, GeoDa

Database Management: PostgreSQL, MySQL

Web Development: React, Next.js

Robotics & Automation: ROS 2 (Robot Operating System)

Other Software: AutoCAD

LANGUAGES

Mandarin: Native

English: Fluent (TOEFL iBT 102)

HOBBIES & INTERESTS

Swimming, piano, baseball, travel
